The large rains Saturday afternoon did great good in several sections and caused much damage. In those there were no very high winds, but there were several high winds in the Pleasant Grove burying ground Thursday. The wind developed into a tornado and the little town of Pleasant Grove was blown down a half mile.

At the home near Pleasant Grove, Mr. J. D. Wilson, a tanner, was killed by a falling tree. The wind was very strong and the trees were blown down.
